

**PEP™**

**AMERICA'S #1 HEALTH DRINK FOR ANIMALS**

PEP™ is the #1 vitamin, mineral and electrolyte supplement for the good nutrition and good health of your animals. PEP's™ patented formula is rich in B-complex vitamins, vitamin C, iron and electrolytes – no stimulants or additives that could harm your animals.

Item # 72000 - 8.75 oz.

Developed by a team of leading veterinarians with the assistance of a chemist, a pharmacist, and a food scientist, PEP's™ unique formula fills the nutritional needs of animals of many species of varying ages and health conditions. In extensive research at leading veterinary medical universities, research laboratories, and private practices, PEP™ has been proven effective in clinical settings, around the home, in zoo's, on the farm, and in other situations.

There is no more convenient and economical way to provide these daily required nutrients to your animals...and animals look forward to the daily treat of PEP™ you give them.

**OTHER USES:**

- K-9 Breeders – when whelping, “PEP” used on females during and after whelping helps relieve stress and generally increases milk output.
- Trainers – used after schooling, or any demanding run that dehydrates your dog, such as kidney tie-up, cramping, hypoglycemia, stress and shipping. “PEP” rejuvenates them, allowing them to rebound.
- Puppies – helps get them off to a good start. Mix with pablum. Try Gerber's and “PEP” mixed together.
- Good for birds and reptiles too!

SUGGESTED DAILY SERVINGS	
ANIMAL'S WEIGHT	FLUID OUNCE PER DAY
0 to 1 POUNDS	1/2 OUNCE
2 to 9 POUNDS	1 OUNCE
10 to 29 POUNDS	2 OUNCES
30 to 59 POUNDS	3 OUNCES
